Riello Sentryum 120kVA S3T Xtend 3/3 Phase UPS

Part No. S3T 120

Product Description

The Sentryum (S3T) range is Riello UPS's third generation of transformerless online Uninterruptible Power Supply (UPS) systems. Produced as an upgrade to the popular Riello Multi Sentry UPS, the Sentryum delivers key improvements including USB, RS232, and RJ10 ports, as well as a variety of communication card slots.

The Riello UPS Sentryum S3T 120kVA Xtend UPS with no internal batteries is highly efficient and delivers full-rated power (unity Power Factor), with exceptional operating efficiency of up to 96.5% in online double conversion mode at loads as low as 50%.

The three-phase input/output Sentryum possesses a powerful control system that reduces harmonic voltage distortion (<1% at resistive load and <1.5% at non-linear load), providing enhanced overload and short circuit capacity to guarantee optimum availability.

Equipped with a 5-inch colour touchscreen and intelligent LED status indicator, the Sentryum (S3T) range ensures that you remain up to date with the current operating state of your UPS.

This product is scalable up to 8x UPS in parallel to increase capacity or build redundancy.

Features

- No Internal Battery
- Three Phase Output
- Three Phase Input
- 5-inch Colour Touchscreen
- LED Status Indicator

Specification

Manufacturer	<i>Riello UPS</i>
Power (VA)	<i>120k</i>
Input Phase	<i>Three</i>
Output Phase	<i>Three</i>
Depth	<i>500</i>
Width	<i>830</i>
Height	<i>1600</i>
Weight	<i>198</i>
